

Desktop

The desktop landing page features a large hero image of hands being held. The main headline is "Learn from real doctors." Below it is a search bar with the placeholder text "Search condition, symptom or treatments". Navigation links for "All Conditions A-Z" and "View Doctor Directory" are present. A secondary headline reads "When it comes to your health, you can't believe everything you read." followed by a paragraph about the quality of the content. Below this is a row of three images: a doctor with a child, a doctor with an elderly woman, and a stethoscope. A third headline says "Find the information you need, when you need it." with a paragraph about bite-size video segments. This is followed by an image of a doctor on a tablet and another headline: "Get to know your doctor, before What's Up, Doc!" with a paragraph about doctor profiles and appointment features. At the bottom, there is a final headline: "Ready to begin your health journey? Start now." with a search bar. The footer contains "ABOUT" and "LEGAL" sections with links to "About This Site", "Contact Us", "Site Map", "Privacy Policy", "Terms of Use", and "Accessibility", along with the "DOCTORPEDIA" logo and copyright information.

iPad

The iPad layout is a vertical stack of content. It starts with the "Learn from real doctors." headline and search bar. The secondary headline "When it comes to your health, you can't believe everything you read." is followed by a row of three small images. The third headline "Find the information you need, when you need it." is followed by another row of three small images. The "Get to know your doctor, before What's Up, Doc!" section includes a paragraph and a small icon. The final headline "Ready to begin your health journey? Start now." is followed by a search bar. The footer contains "ABOUT" and "LEGAL" sections with links, the "DOCTORPEDIA" logo, and social media icons.

iPhone

The iPhone layout is a vertical stack of content. It starts with the "Learn from real doctors." headline and search bar. The secondary headline "When it comes to your health, you can't believe everything you read." is followed by a paragraph and a row of three small images. The third headline "Find the information you need, when you need it." is followed by a paragraph and a row of three small images. The "Get to know your doctor, before What's Up, Doc!" section includes a paragraph and a small icon. The final headline "Ready to begin your health journey? Start now." is followed by a search bar. The footer contains social media icons, "ABOUT" and "LEGAL" sections with links, the "DOCTORPEDIA" logo, and copyright information.

Condition Page

Desktop

The desktop view features a wide header with the site logo and navigation. The main content area is dominated by a large blue banner for 'Learn diabetes' with a video player. Below this is a grid of video thumbnails categorized by 'Type 1' and 'Type 2' diabetes. A 'TOP DIABETES QUESTIONS' section is positioned below the grid, listing common queries like 'What should my fasting and normal blood sugar be?'. At the bottom, there is a subscription form and a footer with 'ABOUT' and 'LEGAL' links.

iPad

The iPad view is a scaled-down version of the desktop layout. It maintains the 'Learn diabetes' banner and video grid. The 'TOP DIABETES QUESTIONS' section is more compact, and the subscription form is adapted for touch interaction. The footer remains visible at the bottom of the screen.

iPhone

The iPhone view is the most compact version of the layout. The 'Learn diabetes' banner is prominent at the top. The video grid is further condensed. The 'TOP DIABETES QUESTIONS' section is highly scrollable. The subscription form and footer are also adapted for the smaller screen size.

Desktop

The desktop layout features a large video player at the top with navigation arrows for 'Previous video' and 'Next video'. Below the video are tabs for 'Summary' and 'View transcript'. The main content area is divided into two columns: the left column contains the video title '05. Insulin', a detailed description, a 'View transcript' button, and a bio for Dr. Alan Benson; the right column shows a 'Diabetes' series list with video thumbnails and a 'Next series' section. At the bottom, there is a 'TOP DIABETES QUESTIONS' section with a 'View all' link, an email subscription form, and a footer with site information and social media icons.

iPad

The iPad layout is a compact version of the desktop page. It features a video player at the top with a 'Summary' tab selected. The content is organized into a grid-like structure with columns for the video title, description, Dr. Alan Benson's bio, and a series list. The 'TOP DIABETES QUESTIONS' section and email subscription form are also present, adapted for the tablet screen size.

iPhone

The iPhone layout is a vertical, single-column version of the page. It features a video player at the top, followed by a 'Summary' tab. The content is stacked vertically, including the video title, description, Dr. Alan Benson's bio, and a series list. The 'TOP DIABETES QUESTIONS' section and email subscription form are also present, adapted for the mobile screen size.
